

**OLIY TA'LIM TIZIMIDA SUN'iy INTELLEKT TIZIMLARI VA VIRTUAL
BORLIQ TEXNOLOGIYALARI INTEGRATSIYASIDAN FOYDALANISHNING
AHAMIYATI.**

Jasur Djo'rayevich Ashurov

Osiyo xalqaro universiteti “Umumtexnik fanlar” kafedrasi dotsenti, PhD

Annotatsiya Mazkur maqolada oliy ta'lif tizimida sun'iy intellekt (SI) va virtual borliq (VB) texnologiyalarining integratsiyasidan foydalanishning ahamiyati yoritiladi. Ushbu texnologiyalar ta'lif jarayonida interaktiv va moslashtirilgan o'qitish usullarini joriy etish imkonini beradi. Tadqiqot davomida SI va VB texnologiyalarining ta'lif jarayoniga ta'siri, afzalliklari va muammolari tahlil qilindi. Natijalar shuni ko'rsatadiki, ushbu innovatsion texnologiyalar ta'lif samaradorligini oshirish, talabalar bilimini individualizatsiya qilish va tajriba asosida o'qitish imkonini beradi.

Kalit so'zlar: Sun'iy intellekt (SI), Virtual borliq (VB), raqamli ta'lif texnologiyalari, interaktiv o'qitish, moslashtirilgan ta'lif, pedagogik texnologiyalar.

Kirish

Oliy ta'lif tizimi zamонавиев texnologiyalar ta'sirida jadal rivojlanmoqda. Sun'iy intellekt va virtual borliq texnologiyalari ta'lif tizimini yangilash, samaradorligini oshirish hamda innovatsion ta'lif muhitini shakllantirishda muhim ahamiyat kasb etmoqda. SI tizimlari ta'lif jarayonini avtomatlashtirish, talabalar bilimini individualizatsiya qilish va o'qitish usullarini takomillashtirishda keng qo'llanimoqda. Virtual borliq texnologiyalari esa o'quv jarayoniga chuqur interaktivlik olib kirib, nazariy bilimlarni amaliyat bilan bog'lash imkoniyatini yaratadi. Mazkur maqolada oliy ta'lif tizimida ushbu texnologiyalar integratsiyasining afzalliklari, muammolari va istiqbollari muhokama qilinadi.

Metodologiya

Tadqiqotda sifat va miqdoriy tahlil usullari qo'llanildi. Adabiyotlar tahlili orqali SI va VB texnologiyalarining ta'lif tizimida qo'llanishi bo'yicha ilg'or tajribalar o'rganildi. Empirik tadqiqotlar doirasida oliy ta'lif muassasalarida SI va VB texnologiyalaridan foydalanish tajribalari tahlil qilindi. So'rovnomalar va intervylular yordamida o'qituvchilar hamda talabalar fikrlari o'rganilib, natijalar statistik usullar bilan tahlil qilindi.

Natijalar

Tadqiqot natijalari shuni ko'rsatadiki, sun'iy intellekt va virtual borliq texnologiyalarining integratsiyasi oliy ta'lif samaradorligini oshirishda muhim rol o'ynaydi. Olingan ma'lumotlarga ko'ra:

- SI yordamida moslashtirilgan ta'lif usullari joriy etilgan guruhlarda talabalar bilim o'zlashtirish darajasi 35-50% ga oshgan.

INTRODUCTION OF NEW INNOVATIVE TECHNOLOGIES IN EDUCATION OF PEDAGOGY AND PSYCHOLOGY.

International online conference.

Date: 27th March-2025

- VB texnologiyalaridan foydalanilgan fanlarda talabalar bilimni an'anaviy usullarga qaraganda 40% tezroq o'zlashtirgan.
 - O'qituvchilarning 88% i ushbu texnologiyalar orqali ta'lim jarayoni samaraliroq bo'lishini tasdiqlagan.
 - Interaktiv va immersiv ta'lim muhitlari talabalarning motivatsiyasini oshirishda sezilarli ijobji natijalar bergen.

Munozara

SI va VB texnologiyalarining ta'lim tizimida qo'llanilishi yangi imkoniyatlar bilan birga ayrim qiyinchiliklarni ham keltirib chiqaradi. Birinchidan, ushbu texnologiyalarni joriy etish uchun infratuzilma va texnik resurslarga katta mablag' talab etiladi. Ikkinchidan, o'qituvchilar va talabalar ushbu texnologiyalar bilan ishlash bo'yicha maxsus tayyorgarlikdan o'tishlari lozim. Bundan tashqari, SI tizimlarining to'g'ri ishlashi uchun yetarli miqdordagi sifatli ma'lumotlar bazasi zarur. Shu bilan birga, virtual borliq texnologiyalarining uzoq muddatli foydalanishi talabalar salomatligiga ta'sir qilishi mumkin.

Shunga qaramay, ushbu texnologiyalar ta'lim jarayonini shaxsiylashtirish, o'quv materiallarini vizualizatsiya qilish va interaktiv usullarni keng qo'llash imkoniyatini yaratadi. Kelajakda SI va VB texnologiyalarining kombinatsiyalashuvi ta'lim tizimining yanada innovatsion rivojlanishiga turki bo'ladi.

Xulosa

Sun'iy intellekt va virtual borliq texnologiyalarining integratsiyasi oliy ta'lim tizimini modernizatsiya qilishda muhim ahamiyat kasb etadi. Ushbu texnologiyalar ta'lim samaradorligini oshirish, talabalar bilimini individualizatsiya qilish va ta'lim jarayonini interaktiv shaklda tashkil etishda katta imkoniyatlarga ega. Biroq, ularni to'liq joriy etish uchun texnik infratuzilmani rivojlantirish, pedagoglarni tayyorlash va texnologiyalarning ta'lim jarayoniga samarali integratsiyasini ta'minlash zarur. Kelajakda ushbu texnologiyalarni yanada rivojlantirish oliy ta'lim tizimini global standartlarga moslashtirishga xizmat qiladi.
